

abrdn Global Dynamic Dividend Fund

NYSE: AGD

June 2024 Performance Data and Portfolio Composition

Objective

The Fund's primary investment objective is to seek high current dividend income, more than 50% of which qualifies for the reduced federal income tax rates created by the Jobs and Growth Tax Relief Reconciliation Act of 2003. The Fund also focuses on long-term growth of capital as a secondary investment objective.

Performance

The latest available performance figures have been calculated net-of-fees in U.S. dollars for the period:

Cumulative and annualised total return as of June 30, 2024 (%)

Past performance is no guarantee of future results. Investment returns and principal value will fluctuate and shares, when sold, may be worth more or less than original cost. Current performance may be lower or higher than the performance data quoted. NAV return data includes investment management fees, custodial charges, bank loan expenses, and administrative fees (such as Director and legal fees) and assumes the reinvestment of all distributions. abrdn Inc. (the "Adviser") became the Fund's adviser on May 04, 2018. For periods prior to that date, the returns reflect performance information from a prior, unaffiliated adviser. The Fund is subject to investment risk, including the possible loss of principal. Returns for periods less than one year are not annualized.

Important risk disclosure

All performance shown is historical, assumes reinvestment of all dividends and capital gain distributions and does not guarantee future results. Investment return and principal value fluctuate with changing market conditions so when sold, shares may be worth more or less than that of the original cost. Total return based on market price reflects changes in market value. Total return based on net asset value reflects changes in the Fund's net asset value during each period. Current performance may be lower or higher than the performance data quoted. This commentary is for informational purposes only, and is not intended as an offer or recommendation with respect to the purchase or sale of any security, option, future or other derivatives in such securities.

Closed-end funds are traded on the secondary market through one of the stock exchanges. The Fund's investment return and principal value will fluctuate so that an investor's shares may be worth more or less than the original cost. Shares of closed-end funds may trade above (a premium) or below (a discount) the net asset value (NAV) of the Fund. The net asset value (NAV) is the value of an entity's assets less the value of its liabilities. The market price is the current price at which an asset can be bought or sold. There is no assurance that the Fund will achieve its investment objective. Past performance does not guarantee future results.

Please see the Fund's most recent annual report for more information on risks applicable to the Fund.
